RICH ST. JOSEPH MAN

Belief That He Can Tell Whether
Mrs. Luetgert Is Dead or
Alive.

MAY HAVE BEEN A WITNESS.

The Prosecution in the Famous
Murder Case Has Sent
Memo to St. Joseph.

Isidore Borwitz, a representative of the city press of Chicago and a detective have been in St. Joseph for the past two weeks "shadowing" a wealthy citizen who lives out of the city three or four miles. They are boarding with J. Wilinski on the Lake Shore drive. The state has a clue which leads them to the belief that a certain St. Joseph man, whose name they refuse to divulge, has personal knowledge whether Mrs. Luetgert is dead or not. They claim he has admitted that he has been in the famous sausage factory and that if he would he could give some startling evidence.

Mr. Borwitz lives at 167 West 12th place, Chicago and to THE NEWS he said Saturday night: "I have 'shadowed' the man I want and have conversed with him. He knows all about the sausage factory and knows more than he will tell. The state will scarcely be able to convict Luetgert unless they can prove that his wife is dead. The state believes that the St. Joseph man can settle this point with his evidence though his evidence will be hard to get as it may draw him into the affair."

The Chicago reporter and detective will return to St. Joseph tomorrow.

CASH IS GOING.

First National Bank Funds Going
to Washington.

Receiver Ainger and two clerks, Frank Welton and Harry Hopkins, were busy today packing the coin and bank notes in the vault of the First National bank ready for shipment to Washington. There was a small cord of the bills and a considerable amount of gold and silver. As before stated in THE NEWS this money will be sent to the United States treasury and the receiver will be credited with the amount.

Mr. Ainger thoroughly understands the banking business and he is in consequence better able to handle the affairs than any person who never had any actual banking experience. He is a very genial gentleman and already has made many friends.

National Bank Examiner Caldwell left for Niles this morning and will inspect the national banks in that city.

SIMPLY WAITING.

No Developments in the Railway
Safe Matter.

Henry D. Deam alone knows the combination to the safe in the office of the Benton Harbor, Electric Railway & Transit company. For six days, he has remained in defiance of the order of Judge Coolidge and kept all information regarding the safe combination to himself.

Mr. Deam's manner proclaims that he will open the safe when he gets ready. He demonstrates no great perturbation of mind over the possibility of his being dragged before the court to answer to charges of contempt. He smilingly walks the streets, happy in the consciousness that he is obstructing the business of the railway company by concealing from it the means to procure the company's books and contracts.

"Has Mr. Deam opened the safe yet?" inquired a News representative of Lawyer Bridgman this morning.

"No," answered the lawyer indifferently.

"How many more days will you give him to perform that feat?" was asked.

"O, two or three," and Mr. Bridgman settled back in his chair.

"Is Mr. Deam going to open the safe?" queried a reporter for THE NEWS of Lawyer Valentine, Deam's attorney.

"I don't know," mysteriously answered Mr. Valentine.

"You're his counsel," ventured the reporter.

"I guess so."

The above is all the information the attorneys gave out today. Since J. S. Morton has refused to be made custodian of the safe and contents J. P. Thresher's name is proposed. Mr. Thresher would probably accept the responsibility.

TWO FATAL ACCIDENTS

Railroad Locomotive Exploded on
the Northern Central in Penn-
sylvania This Morning.

TWO MEN KILLED IN CHICAGO.

A Hoisting Cable Broke at the North-
western Land Tunnel Shaft
With Deadly Results.

HARRISBURG, Pa., Sept. 27.—A locomotive exploded this morning on the Northern Central railroad at Georgetown. There was no apparent cause for the explosion.

Engineer Bennett Mitchell was instantly killed and James Crowley, the fireman, was badly injured.

CHICAGO, Sept. 27.—A terrible accident occurred this morning at the Northwestern land tunnel shaft, in which two men lost their lives and the life of the third victim will soon go out.

The cable used for hoisting broke and the three men under it were crushed, two of them being instantly killed.

The dead are—
CHARLES WILSON.
WILLIAM HASKELL.
Fatally injured and dying—
RICHARD WHITE.

A NOTED HORSE THIEF.

Man Captured at LaPorte Who Has
Erands in Buchanan.

LA PORTE, Ind., September 27.—Marvin Cordway, who is under sentence in Stark county for horse stealing, has been identified as the man wanted at Buchanan and other places in Southern Michigan on a charge of horse stealing. Cordway was given a light sentence and immediately upon the expiration of his term he will be delivered into the custody of the Michigan authorities and tried in the Berrien circuit court. He is believed to be the leader of the gang which until recently operated extensively throughout Cass, Berrien, St. Joseph and Branch counties.

LANDMARK GONE.

Old Cassidy Homestead Destroyed
By Fire.

The Cassidy homestead at Cassidy Corners, one of the first dwellings constructed in Pipestone township, was destroyed by fire Saturday night, the loss being estimated at \$800 with \$400 insurance.

The dwelling was occupied by Robert Rector and was owned by him and his sister. The fire had advanced so far when discovered that no very successful attempt could be made to remove the furniture and it was mostly destroyed with the building.

The house was built early in the history of the county, about 60 years ago, and was one of the most interesting landmarks in that community. There is no theory as to the origin of the fire.

MR. THURSTON'S GREAT WORK.

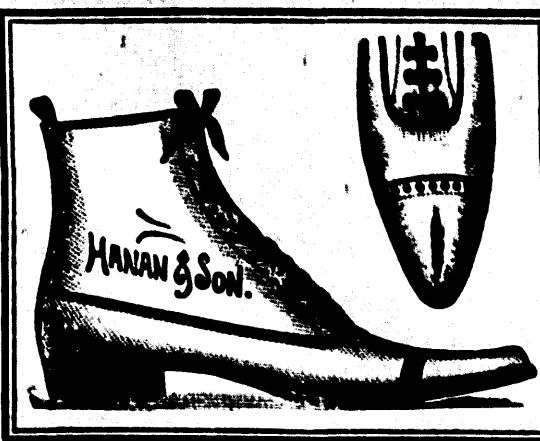

He Has Prepared a Hand-book on
Annexation of Hawaii.

The A. B. Morse printing company has made the first delivery on a contract of 50,000 hand-books on the annexation of Hawaii, compiled by Hon. Lorrin A. Thurston. The book contains a digest of the official opinions of American presidents, secretaries of state, ministers and naval and military officers concerning the annexation or control of Hawaii. It is intended to advise people of the advantages of annexation as set forth by men who have investigated the matter thoroughly.

The work on the book has been done by Mr. Thurston this summer while in St. Joseph. Its printing will require eight tons of paper.

ENTERTAINMENT HELD ON SUNDAY

With a Revival of Religious Going on in the Town, in Broad Daylight and No Masks, and a Number of Gov. Meun's Fellow Citizens Helping—Negro Brute Guilty of the Usual Crime—Pearl Bryan's Head Probably Found.

Hawesville, Ky., Sept. 27.—In the broad open glare of a Sunday sun, in the midst of a protracted revival, not a mask to be seen, and in the presence of 800 infuriated people, Raymond Bushrod, a negro, yesterday evening at 5 o'clock was lynched. He was swung from a limb in the court house yard. Bushrod was from Rockport, Ind. Several months ago he was taken in and treated kindly by Willis Clark, a farmer in the upper part of the county, only to betray Clark and steal his watch. For this he was imprisoned, and released two weeks ago from our county jail, after having served a sentence of 156 days. He was in town Saturday and drinking. In the afternoon he set out afoot, going west to the Texas railway. Three miles below town, near Petri Station, he encountered Maggie Roberts, 16 years old, daughter of Ben Roberts, a prominent farmer. He ran her down, and violated her person.

Left Her on the Railway to Die.
In addition to this he beat and bruised her with a coupling pin, and left her on the railroad grade to die. The news of the outrage spread and searching parties were sent in every direction. Guards were sent to every skiff for twenty miles and his escape to Indiana was well nigh impossible. Failing in his attempt to cross at Tell City he made back over the railroad and was captured in hiding near the waiting station at Falcon, a mining town four miles below the scene of the crime. Bushrod fell in with a law-abiding crowd of four who brought him quietly to Hawesville and surrendered him to the jailer, while the town was deserted searching for him. In the meantime the officers got wind of a mob and he was secretly guarded in the graveyard on the hill until morning, when he was again locked up. But the mob had been determined all day. Early they came afoot, on horseback, in wagons, and in trains.

At First the Mob Wants Darkness.
They were impatient for darkness to cover the ground. It was rumored that militia would arrive at 4:40 from Owensboro for his protection. The angry crowd would not stand this, and they placed trusty sentinels on the hill overlooking to give a sign if the train bore such protection. The soldiers failed to come, but at this time the officers thought it opportune to play a ruse and the mob was led to believe that he had escaped and a hot pursuit followed. The trail was followed only a square when an attempt to spirit Bushrod over the hills and out of town was discovered.

Indiana Represented in the Mob.
A few guards, however, stayed at the jail, and as he was brought out the mob formed in front and the officers were made to yield. The excitement at this time was intense. Cannellton, Ind., had outpoured upon us, and promptly at 5 o'clock the march to the court house square, but a few feet away, was begun. Halting in front of a tree on the most public street in town the lynching was accomplished.

CORONER'S INQUEST FARCE.

No Marks Worn, Everybody Knows Everybody, and "None by Unknown."
The negro was given a chance to pray and confess, which latter he did, stating that Miss Roberts was his third victim. He also offered a prayer. When he was taken out of jail he was struck at frequently and there are those who say he was dead before he was strung up. There was no attempt to prevent the lynching. There was plenty of time, and a governor who has frequently declared his abhorrence of mob law. Judge Adair advised with Circuit Judge Owen by telephone, but nothing practical came of it. Identification of the accused was complete. He was taken before the girl Saturday night and no doubt remained.

Thus does this quiet, sleepy little village beat all lynch records. On Sunday, unmasked on the public square of a county seat, not a drunken man and not a pistol fired, a man is hung and all in a stone's throw of four churches. After the lynching the mob's leader, an Indian, made a little talk in which he pointed to the gruesome corpse, saying: "Here's the protection we offer our wives and daughters." Coroner Mitchell viewed the body, cut it down and summoned a jury, whose verdict was that Bushrod came to his death at the hands of "unknown parties."

As said above not a man was masked, and everybody knows everybody else in a community like Hawesville. During the entire time of the lynching not less than 200 women were on the hill and hillside overlooking the public square and when his dangling form went up cheers upon top of cheers from them rent the air. In fact the women gave a double assurance to the ones engaged that the proper punishment was being meted out.

WOMAN ASSAULTED BY A TRAMP.

Attacks Her with a Stone and Shoots One of Her Parovisors.
Coldwater, Mich., Sept. 27.—A terrible assault by a tramp upon a woman two miles east of Coldwater Saturday is reported. Mrs. Vern Smith, a farmer's wife, was accepted in the yard of her residence by a man who demanded money. She gave him some money and he turned away, going as far as the gate, but then rushed back and made a murderous attack on Mrs. Smith with a stone. Her screams drew a crowd of neighbors to the scene, but the ruffian made good his escape. Mrs. Smith was taken to the hospital.

SKULL OF PEARL BRYAN FOUND.

Remains Dug Up in a Garden Near the Home of the Victim.
Cincinnati, Sept. 27.—William Parson, a boatman, while digging for coal in Medoc sandbar on the Kentucky side of the Ohio river, found a skull, the lower jaw of which was gone. In the upper jaw were nine teeth. Two front teeth were gold-filled. An expert dentist says it is the skull of a woman between 18 and 23 years old. It is supposed to be that of Pearl Bryan, for whose murder Jackson and Walling were hanged. Should that prove true it has been in the river over nineteen months.

STAR WITNESS FOR LUETGERT.

Mary Stiemering Tells What She Knows of the Home Life of the Sausagemaker.
Chicago, Sept. 27.—The strongest witness for the defense who has appeared in the Luetgert trial was on the stand Saturday. The witness was Mary Stiemering, a domestic in the Luetgert household, for love whom it is charged by the state that the prisoner murdered his wife. She had made statements before the grand jury and to the state's attorney before the trial began, and when her assertions on the stand Saturday differed, as alleged, from the statements she made at that time she had not the slightest hesitation in repudiating anything she might have said when not under oath. The state's attorney subjected her to a rigid cross-examination, and she partly contradicted herself a few times, but not in material matters.

She denied in the most positive manner that she had been the disturbing element between Luetgert and his wife, and said that neither by night nor by day, alone or in company, had she ever visited Luetgert in his factory or elsewhere in an improper manner. She insisted that the prisoner had always been good to his wife, and that in her opinion the latter was out of her mind, and had been so for some time prior to her disappearance. To prove that she was not the "motive" for the alleged murder she said that she was on the best of terms with Mrs. Luetgert, and that when she (Mary) wanted to leave Mrs. Luetgert asked her to stay. The state objected to this testimony and the judge ordered it stricken out, because it occurred last January and Mrs. Luetgert did not disappear until May.

But the defense got in a part of the testimony it had been trying to with the purpose of proving that Mrs. Luetgert had declared her intention to run away and hide herself. Mary swore the sausage-maker's wife had, within the week allowed by Judge Tuthill, declared her intention of leaving home and hiding herself; that she saw her preparing to go; that she had money and had even taken the money and had children's banks and that on the morning after her disappearance the front door was unlocked, something that had never happened before. She declared also that the police had threatened her if she did not testify against Luetgert.

RACES AT THE FAIR.

Benton Harbor Boys Won \$7.50 Out of the \$10 in Prizes at Berrien Springs.

SUCCESSFUL COUNTY FAIR.

Prof. Casad's Dog Was Hurt in His Parachute Drop From the Balloon.

BERRIEN SPRINGS, Sept. 27.—The Berrien county fair which closed here Saturday was the most successful exhibition ever held by the society. The only hindrance to the perfect enjoyment of a perfect day was the dust, the blinding dust. It came in clouds in the morning and remained all day.

The management offered \$10 in prizes in the foot and bicycle races. Of this amount \$7.50 was won by Benton Harbor boys while Sodus won \$1.50 and Niles gleefully carried away a \$1 prize, the second in the foot race for boys over 15 years.

The balloon ascension was a grand success, but coupled with it was a seemingly cruel feature. Prof. Casad made the ascension and along with him was his pet dog. In the ascension of the day before the dog was somewhat injured in his parachute drop and he was not inclined to go up into the clouds again. When his master caught him and compelled him to make the ascension the dog enlisted the sympathy of many by his plaintive whining. He seemed to realize that there was danger and he was right. When up in

NEW MAP OF BERRIEN COUNTY.

Benton Harbor	\$7.50
Sodus	\$1.50
Niles	\$1.00

The above map shows the only three places in the county that won any money in the races at the Berrien county fair Saturday. It will be noticed that Benton Harbor is three-fourths of the county when it comes to athletes, that Sodus is three-twentieths of the county and Niles two-twentieths or one-tenth. Baroda won a prize but no money.

the air about 100 feet the slender cord that fastened him to the huge air ship broke and the dog fell to the ground. The distance was not great enough to allow the parachute, which held the dog, to open and the canine struck the ground with a dull thud, breaking one of his legs and jamming up his body in a pitiful fashion. It is understood that the dog was killed soon afterwards.

Prof. Casad made a pretty ascension and his parachute brought him back to the earth without a scar. The balloon was trimmed with the advertisements of Harper & Price, the Benton Harbor cigar men, and when several hundred feet above the earth the aeronaut dropped several hundred handbills advertising certain brands of cigars.

The fair management was so well pleased with the results that every year hereafter the Berrien county fair will be held.

The Evening News Newsboys band made a fine impression and is becoming a favorite with Berrien Springs people as a musical organization.

BIKE AND FOOT RACES.

Way Benton Harbor Boys Distinguished Themselves.

The foot races came first. The first was a race for boys over 15 years of age. The first prize was \$1.50 and it was carried away by Roy Hegue of Sodus, who ran with the fleetness of an Indian. The second prize was \$1 and was won by George W. Tyler of Niles. W. H. Marsh of Baroda won third and Fred Gleason of Sodus fourth place, but all the prize of these positions was the honor.

In the foot race for boys under 15 only Benton Harbor boys entered. George White won first prize, \$1.50, and Harry Shauman, second, \$1. Earl Owens came under the wire third and Harry Stevens fourth.

The greatest interest centered in the bicycle race for boys over 15. Lore Johnson, a Niles champion, was in the race and the Benton Harbor boys were nervous over meeting him until the race was well under way. Harry Plummer of Benton Harbor was watched with much curiosity as he had never entered a race before and the way he brought up in second place won him much congratulation. A hundred yards from the wire he was third but

by a spurt that fairly lifted his wheel from the ground he pulled up and passed "Hod" Woodward and won second place. The race was one mile and the poor time of 4:01 was made.

The prizes were won as follows: First, \$1.50, Harry Vaughan, the Benton Harbor champion; second, \$1, Harry Plummer, Benton Harbor; third, "Hod" Woodward, Benton Harbor; fourth, James Hollis, Benton Harbor; fifth, Lore Johnson, Niles; sixth, J. W. Henderson, Niles. Benton Harbor wheels were strictly in it. Vaughan and Woodward rode the "Topic" and Plummer and Hollis the "Orin."

The wheel race for boys under 15 had many entries but only two started. Better time was made than by the older boys, who took things easy. Barratt O'Hara won first prize \$1.50 and Fred Northrup, \$1. Both are Benton Harbor boys. O'Hara rode an "Orin" and Northrup a "Topic."

TWO RIBS BROKEN.

Major Pearl Meets With a Serious Accident.

Major Pearl was thrown from his wagon on Ross street Saturday afternoon and sustained the fracture of two ribs. His advanced age greatly complicates his condition and it will be a long time before he fully recovers.

The accident occurred between 2 and 3 o'clock while Mr. Pearl was on his way home at Pearl Grange. He was driving along at an ordinary pace when one of the front wheels came in contact with a telephone pole that stood out some distance into the street.

The shock hurled the major over the dash-board and he alighted upon his chest on the wagon tongue. From there he dropped beneath the horses' feet and was trampled upon. He was rescued from his perilous position and placed in his wagon and driven home where an examination of his injuries were made by Dr. B. G. Watson.

The fractures were reduced and the injured man made as comfortable as possible. Today he is resting well, but it will be a long time before the major can be about. He will probably be compelled to forego the pleasure of his annual deer hunting expedition to the Northern Michigan woods.

Was It Stolen?

Stern Brunson left his bicycle in front of J. J. Miller's meat market Saturday night while he stepped inside to make a purchase. When he came out he forgot his wheel and its whereabouts was a matter of no annoyance to him until Sunday morning, when he remembered where he left it, but a search revealed that it was missing. He is now wondering whether the wheel was stolen or whether a friend picked it up and is keeping it for him. Mr. Miller says it was in the rack in front of the store when he closed the market Saturday night.

NEWS OF THE STATE.

Dowagiac News: While returning from a drive to Buchanan Friday evening, Otis Bigelow noticed that the more valuable horse of his driving team acted very peculiar. Continuing to this city, he drove into his barn on Courtland street, stalled his horses, and

went at once after Veterinary Surgeon Whalen. Hastily returning to the barn with Mr. Whalen, Mr. Bigelow was more than surprised to find that the valuable animal had expired during his absence. The probable cause of death was, that unbeknown to the owner, the horse had been fed on musty feed.

P. W. HALL RETIRES.

Has Sold Out to His Partner, Edgar Nichols.

Saturday P. W. Hall sold his interest in the Hall & Nichols drug store to his partner, Edgar Nichols.

This announcement will be a genuine surprise to the people of the city. The drug store of Hall & Nichols is one of the substantial and flourishing business houses of the city. The change was made because Mr. Hall has many outside interests which are demanding much of his time and attention. The fact that Mr. Nichols is now sole proprietor of the store will not interfere with his plans of going to the Klondike to represent the Benton Harbor and Alaska mining company. Mr. Hall will remain in charge of the drug department of the store. Hall & Nichols have been in business together for five years. The sale of the stock does not change the ownership of the real estate.

The Hall & Nichols cigar company will continue in business the same as heretofore.

COMMITTEE RETURNS.

Will Recommend the Purchase of a Hook and Ladder Truck.

Aldermen Volheim, McDonald and Butzbach and Chief Johnson, the committee appointed by Mayor Bell to investigate the merits of the Babcock Aerial hook and ladder truck, returned from Chicago Sunday morning.

The committee was favorably impressed with the apparatus and at a council meeting to be held tonight will probably recommend its purchase. The manufacturers made a very liberal offer and easy terms and the city can purchase the truck without inconvenience.

Droopy and Heart Disease.—A great cure and a great testimony. "For ten years I suffered greatly from Heart Disease, Fluttering of the Heart and Smothering Spells, made my life a torment. I was confined to my bed. Droopy set in. My physician told me to prepare for the worst. I tried Dr. Agnew's Cure for the Heart—One dose gave great relief, one bottle cured the Droopy and my heart."—Mrs. James Adams, Syracuse, N. Y. Sold by H. L. Bird and George M. Bell.—1.

GAME IS PLENTIFUL.

Hunters Happy Over the Outlook This Fall.

Next Friday, October 1, the hunting season for birds and small game will be wide open. In every man in Michigan who has ever manifested the least bit of sportmanly enthusiasm that lies latent but shrouded in passiveness, that enthusiasm, if it is the genuine article, is aroused now, for the outlook for good hunting this season has not been so encouraging in years. Partridge, woodcock and quail are reported to be on the grounds waiting to be shot in numbers that touch the spirit of the true sportsman to contemplate, and it is the same way with rabbits and squirrels. The woods are full of them. In a score of places within a radius of fifty miles from this city may be found as good hunting as could be desired, and a little farther north it is actually reported that the birds can almost be killed with clubs.

Two reasons are assigned for the extraordinary conditions this season. It is asserted by old hunters that the winters for two years past have been just exactly the kind to insure prosperous times in the bird kingdom. Last winter was mild and the birds thrived well. This applies in the same way to squirrels and other small game. Then, too, the game laws for the past few years have been rather stringent, and have protected the interests of the sportsmen to an unusual degree.

Berrien County's Equalization.

As shown by the notices of apportionment sent out by Auditor General Dix Berrien county's equalization for the year 1897 is \$18,000,000, and her share of the state tax is \$38,764.27. The aggregate amount of state taxes as apportioned to the several counties of the state, for the year 1897, is \$2,379,907.23, of which \$1,354,576.21 is for general purposes.

Chicago car employees in Chicago are on the verge of a strike while the people of that big town are on the verge of a famine.

There can find consolation in thinking that if she had sent her Chinese maid to Berrien Springs it would have been different.

There is weeping in some of the families of Benton Harbor because there are no more Berrien county men this year to conquer.

BECAUSE Mrs. Luetgert cannot be found is no proof that she is dead. McDonald cannot be found either and nobody argues in consequence that he must be dead.

At the present time Buchanan is one of the most likely cities in the county. It is in the center of a rich wheat belt and its manufacturing prospects are exceptionally bright.

GOVERNOR Mount of Indiana is quite angry because the grand jury did not indict the lynchers who happened to be "prominent citizens." It is quite probable that members of the grand jury attended and perhaps assisted in the lynching bee.

THE board of education is able to get along with about \$1,000 less than last year, as there is no bond to pay this year. It might strike the council that the \$1,000 saved here could be put into a hook and ladder truck in a way advantageous to the city.

On the October calendar of the circuit court is the case of the People vs. Alex McDonald, the charge lodged against McDonald being assault, less than murder. As McDonald broke jail two months ago it will be a hard job to give him a fair and impartial trial. If McDonald could be tried and

There is no doubt in anyone's mind that the reason Benton Harbor is about all there is to Berrien county. At the county fair Saturday Niles, Sodas and Baroda were the only other towns that came in for any attention at all. Sodas won one first prize while Niles managed to get one second prize.

SEVENTEEN KILLED IN A MINE.
 Buried Under Thirty Feet of Rock and Dirt in Mexico.
 El Paso, Tex., Sept. 27.—News has been received here that the San Pedro mine in the Corralitos group, twelve miles from this city in Mexico, caved in Saturday, killing seventeen men who were at work in the mine at the time. The unfortunates, says the report, were buried alive under thirty feet of rock and dirt. The San Pedro is one of the oldest mines in the group, and rich with silver. It is the property of the wealthy Corralitos company, the principal stockholders of which reside in New York.

Treasury Adopts McKenna's Views.
 Washington, Sept. 27.—The treasury department has adopted the views of the attorney general as expressed in his recent opinion on the question involved in section 22 of the new tariff act, and the collector of customs at Philadelphia has been informed that the cargo of manganese ore, recently arrived at that port from Chile in a British vessel, was not subject to a discriminating duty of 10 per cent.

Brewers Indorse Debs.
 St. Louis, Sept. 27.—A special to The Anseiger des Westens from Roxbury, Mass., says: The National Brewery Workers of America has withdrawn its indorsement of the socialist labor party and indorsed the Social Democracy of America. Ernst Kurzenknabe and Charles F. Bechtold, both of St. Louis, were re-elected national secretaries.

His Furnace Was Charged with Death.
 Decatur, Ills., Sept. 27.—Carleton E. Given, a real estate man, went to his cellar Saturday night to fix the fire in the furnace. In some way an electric current had charged the furnace, and he received a shock from which he died in half an hour.

Beware of Ointments for Catarrh that Contain Mercury,
 as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. THE JUMPING OFF PLACE
 of the United States in Northwestern Washington is a region of unusual grandeur. A wild craggy range of mountains, the Olympics, looks out upon the waters of the Pacific Ocean and the strait of Juan de Fuca. The high peaks of the range are crested with eternal snow and ice. Deep in their hollows are lakes of great depth and crystal purity. The flanks of the mountains are covered with the finest timber in the United States. Giant pines, cedars and firs rise 100, 200 and even 300 feet in the air. The streams race through wild ravines and are full of mountain trout. It is a paradise for the woodsman and angler. The lakes have large and new varieties of trout in them that fight viciously for life. It is a land little known and explored, perhaps less so than any region of equal area in the United States. The Northern Pacific's new tourist book Wonderland 97, has a chapter on this section, and it will be sent to any address by Chas. S. Fee, Gen'l Pass. Agent, St. Paul, Minn., upon receipt of six cents in postage stamps.

excursionists over the West Michigan
to Grand Rapids yesterday.
—John Ghent, of Ligonier, Ind.,
came up Saturday on business and re-
mained the guest of Benton Harbor
friends yesterday. Mr. Ghent is very
much pleased with his position at Ligo-
nier.
—Prof. R. J. Stephens left for Chi-
cago this afternoon where he will re-
hearse the orchestra and chorus in
"Cinderella Up to Date," at Marlowe's
theatre. Prof. Stephens has arranged
the music for the play and will spend a
week in rehearsing the orchestra.

Tonight's Entertainment.
Tonight at 7:30, Prof. E. E. Barakat,
the Damascus and lecturer will give
us an interesting entertainment at the
Congregational church on the "Holy
Land." Twenty-five minute lecture on
Nazarene wedding, illustrated by life
characters; seventy-five stereopticon
views and vocal and instrumental Ara-
bic music, a small admission fee being
charged to defray expenses.

WILL YOU GIVE UP all that
health means to you? If not, look out
for impure blood. Cure boils, pimples,
humors and all scrofulous tendencies by
taking Hood's Sarsaparilla.
HOOD'S PILLS are purely vegetable
and do not purge, pain or gripe. All
druggists.
POLITENESS NOT WANTED.
In the Case of the Elevator Man It
Should Be Discouraged.
In view of the fact that the various
petty employees of large corporations
are usually not overburdened with po-
liteness or consideration for the public,
the complaint recently made against a
passenger elevator man seems remark-
able. It was alleged that the man was
"too polite for safety." The man who
was the subject of the complaint did
what hundreds of elevator men do.
When the elevator gets to the ground
floor, the conductor usually steps out of
the car to get a whiff of fresh air, to
say a word to the hallman or possibly
make inquiry about the ball game.
The hallman or starter shouts "Go-
ing up!" to the people coming into the
hall, and the elevator man stands in
front of the cage and politely asks his
passengers to "step in," while he re-
mains on the outside until the starter
shouts "L right!" Then he cuts his
sentence short, steps into the cage,
starts the elevator and slams the door
after the ascent has begun.
Most persons "step in" when asked
to do so, but occasionally a man with
an eye to self preservation refuses to do
so, and one of that class made the com-
plaint. The man who insists on the ele-
vator man being in the car before he
will go in is usually looked upon by the
man of many ups and downs as foolishly
careful, but owners of buildings who
are held responsible for the safety of
their tenants while riding in the eleva-
tors are pleased to see them firm on
that point. It may look well for a uni-
formed man to step aside and ask the
passengers to precede him into the ele-
vator cage, but many persons will agree
with the man who made the complaint
that it is a case of politeness which
should be discouraged in the interest of
safety.—New York Tribune.
